On April 1, 2002 the cash machine was removed from Hunter's Lounge.

On March 14, 2002 Cornerstone Bank moved a 24-hour ATM into the vestibule at our Waco Bank. This machine would replace an old cash dispenser that was located 100 feet away inside Hunter's Lounge. The cash machine had limited hours.

On March 12, 2002 Cornerstone Bank opened a 24-hour ATM in the vestibule at the Stromsburg Bank. This is our first ATM in Stromsburg.

2001

In the fall of 2001 the ATM machine was removed from the Kentucky Fried Chicken due to poor usage. Cornerstone Bank has two other ATM's within 300 yards and two additional cash machines another half mile away.

On February 23, 2001, Cornerstone Bank purchased the First National Bank of Stromsburg and opened it as Cornerstone Bank. The facility is located at 123 East 4th Street in Stromsburg.

2000

In December 2000, Cornerstone Bank moved the cash dispenser from Dickie Doodles at 2820 East 23rd Street in Columbus to the Petro Fuel Island, located South of the 80 – 81 interchange in York. Poor usage at the Dickie Doodle's cash dispenser was a major factor in this decision.

In the summer of 2000 the East Bank ATM was removed. Usage declined and an ATM located at the main bank was only one block away.

In April of 2000, Cornerstone Bank opened a cash dispenser at the Conoco Food Court at Hwy 81 & Road F in Fairmont.

On February 16, 2000, Cornerstone Bank purchased the Bank of Monroe and opened it as a Cornerstone Bank. The facility is located at 404 Gerrard Avenue in Monroe, Nebraska.

1999

On November 4, 1999, Cornerstone Bank opened the South facility in York, Nebraska. This facility offers a variety of banking services including a drive through teller window and a drive

through ATM. Loan services are not available. The facility is located at 3511 South Lincoln Avenue, York, Nebraska 68467.

On Friday, August 20, 1999, Cornerstone Bank opened a 24-HOUR Automated Teller Machine (ATM) location in Aurora, Nebraska. The facility is located in the Pin-Setter Lanes at 1609 Q Street in Aurora, Nebraska 68818.

On May 28, 1999, Cornerstone Bank opened a second facility in Columbus, Nebraska. This facility offers full service banking including a drive through teller window and a drive through ATM. The facility is located at 1727 23rd Street, Columbus, Nebraska 68601.

In March of 1999, Cornerstone Bank opened a Cash Dispenser location in Columbus, Nebraska. The facility is located in Dickie Doodles at 2820 East 23rd Street in Columbus, Nebraska 68601.

1998

On Friday, November 13, 1998, Cornerstone Bank opened a 24-hour Automated Teller Machine (ATM) location in Geneva, Nebraska. The facility is located at Highway 81 & L Street, Geneva, Nebraska 68361.

1997

Cornerstone did not open or close any branches in 1997.

1996

On August 1, 1996, Cornerstone Bank opened a branch in Columbus, Nebraska. This facility offers full service banking including a drive through teller window. The branch is located at 3304 16th Street, Columbus, Nebraska 68601.

On Thursday, February 29, 1996, Cornerstone Bank opened a full service branch in Hampton, Nebraska. This facility includes a drive through teller window. This branch is located at 409 A Street, Hampton, Nebraska 68843. Prior to the bank opening this branch, we believe Hampton to have been the largest town in Nebraska without a bank.

1995

In August of 1995 Cornerstone Bank added an Automated Teller Machine at York College, 9th & Kiplinger, York, Nebraska 68467.

COMMUNITY REINVESTMENT ACT STATEMENT
Cornerstone Bank
York, Nebraska

BRANCH CLOSING POLICY

It shall be the policy of Cornerstone Bank to have a distribution system that effectively and efficiently delivers products and services to our customers. For a number of years, the delivery of financial products was conducted through our Main Bank. Due to the need and convenience of our customer base and potential growth, the Bank has established a branching and ATM network to better serve our local community.

All branches and ATMs are expected to be competitive in the marketplace and profitable. Accordingly, we will from time-to-time re-evaluate our branch network and determine if a branch must be closed or hours rescheduled to meet the demands of our customer base. The following procedures will be followed if a branch is to be closed:

BEFORE CLOSING A BRANCH

1. We will evaluate the data in regard to the overall volume of all financial products and services within each branch and the profitability of each.
2. We will try to identify changes in staffing, products offered, use of space and other items that could make an unprofitable branch profitable.
3. We will try to identify ways to increase the volume or mix of business at the branch to increase its profitability.
4. If we find it necessary to close a branch in a community or area that affects low-to-moderate income individuals and businesses, we will meet with the community or group leaders to discuss measures that could help keep the branch open.
5. If we find it necessary to close a branch, we will notify the appropriate regulatory agency and provide notice to customers affected, in accordance with the provisions of section 39 of the Federal Deposit Insurance Act.
